

Drop Off + Pick Up Procedures

We are so excited to start the 2022-2023 dance season! Please read the important Drop Off and Pick Up Procedures below.

Drop Off

- Please arrive 5-10 minutes prior to your child's scheduled class.
- When entering through the front MALL doors, please stay to the left of the studio (opposite of the green wall) and look for EDC Staff in pink t-shirts holding class signs.
- At class time EDC Staff will then bring the dancers into the studio.
- Students will be asked to sanitize upon entering and will head directly into their studio.

Viewing Opportunity

- Once all dancers are settled into their classes (approx 15 mins) parents/guardians will be invited into the lobby to view their child's class, if desired, through the viewing window.
- Please sanitize and remove outdoor shoes prior to entering.
- You will be required to exit the lobby prior to class change time, to avoid over crowding in the studio.
- Thank you for your help in keeping our students and staff safe and healthy!

Pick Up

- Please wait to the right of the studio doors (closest to the green wall) when picking up your dancer.
- Dancers will be dismissed into the mall area. Please look for your child and give them a wave so they can see you! :)
- EDC Staff will remain with the students until every child is picked up.

Notes:

- All 1 hour classes will be dismissed after 55 mins to allow time for sanitization and to avoid congestion at the studio doors.
- Personal items, such as dance bags, will remain in the studios during class time.
- Please have dancers arrive at the studio ready for class.
